

# Unit 232      Erecting masonry cladding in the workplace

24 credits

**Level:** 2  
**UAN:** T/503/9476

## Unit aim:

The aim of this unit is to provide you with an awareness of:

- interpreting information
- adopting safe and healthy working practices
- selecting materials, components and equipment
- preparing and erecting brickwork and blockwork and/or local material to pre-erected structures.

\*PER – Portfolio evidence reference      SO – Site observation      OQ – Oral question      WQ – Written question      WT – Witness testimony  
PS – Product supplementary      PD – Professional discussion

## Assessment criteria that are practical activities are highlighted in bold

1. Interpret the given information relating to the work and resources when erecting masonry cladding.							
You must be able to:	*PER	SO	OQ	WQ	WT	PS	PD
1.1 <b>interpret and extract relevant information from:</b>							
a. <b>drawings</b>							
b. <b>risk assessments</b>							
c. <b>method statements</b>							
d. <b>specifications</b>							
e. <b>schedules</b>							
f. <b>manufacturers' information</b>							

1.2	<b>comply with information and/or instructions derived from risk assessments and method statements</b>						
1.3	describe the organisational procedures developed to report and rectify inappropriate information and unsuitable resources and how they are implemented						
1.4	describe different types of information, their source and how they are interpreted in relation to:						
	a. drawings						
	b. specifications risk assessments						
	c. method statements						
	d. schedules						
	e. manufacturers' information						
	f. regulations governing buildings.						

2. Know how to comply with relevant legislation and official guidance when erecting masonry cladding.								
You must be able to:		*PER	SO	OQ	WQ	WT	PS	PD
2.1	describe your responsibilities regarding potential accidents and health hazards, whilst working:							
	a. in the workplace							
	b. below ground level							
	c. at height							
	d. with tools and equipment							
	e. with materials and substances							
	f. with movement/storage of materials							
	g. by manual handling and mechanical lifting							
2.2	describe the organisational security procedures for tools, equipment and personal belongings in relation to:							
	a. site							
	b. workplace							
	c. company							
	d. operative							
2.3	explain what the accident reporting procedures are and who is responsible for making reports.							

3. Maintain safe and healthy working practices when erecting masonry cladding.									
You must be able to:			*PER	SO	OQ	WQ	WT	PS	PD
3.1	use health and safety control equipment and access equipment safely to carry out the activity in accordance with current legislation and organisational requirements when erecting masonry cladding								
3.2	comply with information relating to specific risks to health when erecting masonry cladding								
3.3	explain why and when health and safety control equipment, identified by the principles of protection, should be used, relating to erecting masonry cladding, and the types, purpose and limitations of each type, the work situation and general work environment, in relation to:								
	a. collective protective measures								
	b. Personal Protective Equipment (PPE)								
	c. Respiratory Protective Equipment (RPE)								
	d. Local Exhaust Ventilation (LEV)								
3.4	describe how the relevant health and safety control equipment should be used in accordance with the given instructions								
3.5	describe how emergencies should be responded to in accordance with organisational authorisation and personal skills when involved with:								
	a. fires								
	b. spillages								
	c. injuries								
	d. other task-related hazards.								

4. Select the required quantity and quality of resources for the methods of work to erect masonry cladding.									
You must be able to:			*PER	SO	OQ	WQ	WT	PS	PD
4.1	select resources associated with own work in relation to:								
	a. materials								
	b. components and fixings								
	c. tools and equipment								
4.2	describe the characteristics, quality, uses, sustainability, limitations and defects associated with the resources								

in relation to:							
a. bricks							
b. blocks							
c. mortars							
d. frames							
e. insulation							
f. damp-proof barriers							
g. lintels							
h. fixings							
i. ties							
j. hand and/or powered tools and equipment							
4.3 describe how the resources should be used correctly and how problems associated with the resources are reported							
4.4 explain why the organisational procedures have been developed and how they are used for the selection of required resources							
4.5 describe any potential hazards associated with the resources and methods of work							
4.6 describe how to calculate quantity, length, area and wastage associated with the method/procedure to erect masonry cladding.							

5. Minimise the risk of damage to the work and surrounding area when erecting masonry cladding.							
You must be able to:	*PER	SO	OQ	WQ	WT	PS	PD
5.1 <b>protect the work and its surrounding area from damage in accordance with safe working practices and organisational procedures</b>							
5.2 <b>minimise damage and maintain a clean work space</b>							
5.3 <b>dispose of waste in accordance with current legislation</b>							
5.4 describe how to protect work from damage and the purpose of protection in relation to:							

a. general workplace activities							
b. other occupations							
c. adverse weather conditions							
5.5 explain why the disposal of waste should be carried out safely in accordance with:							
a. environmental responsibilities							
b. organisational procedures							
c. manufacturers' information							
d. statutory regulations							
e. official guidance.							

6. Complete the work within the allocated time when erecting masonry cladding.							
You must be able to:	*PER	SO	OQ	WQ	WT	PS	PD
6.1 <b>demonstrate completion of the work within the allocated time</b>							
6.2 describe the purpose of the work programme and explain why deadlines should be kept in relation to:							
a. types of progress charts, timetables and estimated times							
b. organisational procedures for reporting circumstances which will affect the work programme.							

7. Comply with the given contract information to erect masonry cladding to the required specification.								
You must be able to:		*PER	SO	OQ	WQ	WT	PS	PD
7.1	demonstrate the following work skills when erecting masonry cladding:							
	a. measuring							
	b. marking out							
	c. laying							
	d. positioning							
	e. securing							
7.2	erect brick and block and/or local material cladding to given working instructions, including the formation of door and window openings and joint finishes, for one of the following structures:							
	a. pre-erected timber frame							
	b. pre-erected concrete							
	c. pre-erected steel							
	d. existing							
7.3	safely use:							
	a. materials							
	b. hand tools							
	c. portable power tools							
	d. ancillary equipment							
7.4	safely store the materials, tools and equipment used when erecting masonry cladding							
7.5	describe how to apply safe and healthy work practices, follow procedures, report problems and establish the authority needed to rectify them, to:							
	a. erect brick, traditional and thin joint blocks cladding to pre-erected timber frame, concrete, steel and existing structures							
	b. clad structures using local materials							
	c. lay bricks, blocks (traditional and thin joint)							

d. form joint finishes							
e. form openings for doors and windows							
f. prop and support structures							
g. complete and remove temporary structures							
h. position damp-proof barriers							
i. mix mortar							
j. use hand tools, power tools and equipment							
k. work with plant and machinery							
l. work at height							
m. use access equipment							
7.6 describe the needs of other occupations and how to effectively communicate within a team when erecting masonry cladding							
7.7 describe how to maintain the tools and equipment used when erecting masonry cladding.							

## Unit 232 Erecting masonry cladding in the workplace

### Declaration

I confirm that the evidence supplied for the above unit is authentic and a true representation of my own work. The work logged is my own work carried out during my normal work duties.

<b>Candidate name:</b>	
<b>Candidate signature:</b>	
<b>Date:</b>	

I confirm that this candidate has achieved all the requirements of this unit with the evidence listed. Assessment was conducted under the specified conditions and context, and is valid, authentic, reliable, current and sufficient.

<b>Assessor name:</b>	
<b>Assessor signature:</b>	
<b>Date:</b>	

<b>IQA name:</b>	
<b>IQA signature:</b>
