## **2 About this qualification**

### **2.1 What are Diplomas?**

The Level 2 Diploma in Care is a nationally recognised qualification gained in the workplace. It is based on National Occupational Standards, which are standards written by employers and experts in your industry.

When you achieve your qualification it will prove that you can work to the standards expected by employers in your industry. Your qualification will show you are competent to do a job and have the skills, knowledge and understanding needed to do it well.

Diplomas are work based qualifications, so you should choose a qualification that best matches the type of work you already carry out, or expect to carry out in the future. If you are not in work, your centre will need to arrange a work placement for your assessment.

## **3 Using your logbook**

### **Candidate and centre contact details**

### **Unit assessment and verification declaration**

## **Appendix 1                      Summary of City and Guilds assessment policies**

### **Health and Safety**

All N/SVQ centres have to make sure that they provide a safe and healthy environment for training, including induction and assessment. City & Guilds external verifiers check this when they visit assessment centres.

You are responsible for making sure that you understand, and comply with, the Health and Safety practice and policies in the workplace where you will be assessed. Your assessment may be stopped if you do not comply, and your assessor will explain the problem to you. You may need to retake your assessment at a later date.

### **Equal Opportunities**

Your centre will have an equal opportunities policy. Your centre will explain this to you during your induction, and may give you a copy of the policy.

City & Guilds equal opportunities policy is available from our website **cityandguilds.com**, City & Guilds Customer Relations Team or your centre.

### **Access to assessment**

City & Guilds Level 2 Diploma in Care are open to all candidates, whatever their gender, race, creed, age or special needs. Some candidates may need extra help with their assessment, for example, a person with a visual impairment may need a reader.

If you think you will need alternative assessment arrangements because you have special needs, you should discuss this with your centre during your induction, and record this on your assessment plan. City & Guilds will allow centres to make alternative arrangements for you if you are eligible and if the Diploma allows for this. This must be agreed before you start your Diploma.

City & Guilds guidance and regulations document *Access to assessment and qualifications* is available on the City & Guilds website **cityandguilds.com**, from the City & Guilds Customer Relations Team or your centre.

### **Complaints and appeals**

Centres must have a policy and procedure to deal with any complaints you may have. You may feel you have not been assessed fairly, or may want to appeal against an assessment decision if you do not agree with your assessor.

These procedures will be explained during induction and you will be provided with information about the Quality Assurance Co-ordinator within your centre who is responsible for this.

Most complaints and appeals can be resolved within the centre, but if you follow the centre procedure and are still not satisfied you can complain to City & Guilds.

Our complaints policy is on our website **cityandguilds.com** or is available from the City & Guilds Customer Relations Team or your centre.
