

Purpose statement

The following purpose is for the **Level 3 Advanced Technical Diploma in Land and Wildlife Management (540) 601/7558/8**

| Area | Description |
|--|--|
| OVERVIEW | |
| Who is this qualification for? | This qualification is for you if you are aged 16-19, and want to work within the countryside. It provides you with a range of specialist technical practical skills and knowledge which will equip you to seek employment or further learning and training within the land and wildlife management industries. |
| What does this qualification cover? | <p>This qualification gives you the opportunity to study a range of specialist technical practical skills and knowledge that build upon the core skills required to for working in the countryside such as estate maintenance skills, population surveys, safe use of equipment and machinery with further areas of study such as land use and recreation and pest and predator control. You can then learn further specialist skills such as woodland habitat management, water quality, angling techniques, heathland habitat management, and the ecology of game species or greenwood crafts.</p> <p>Centres and providers work with local employers who will contribute to the knowledge and delivery of training. Employers will provide demonstrations and talks on the industry and where possible work placements will also be provided by the employers. This practically based training is ideal preparation for gaining employment in the land and wildlife industries or specialist further study.</p> |
| WHAT COULD THIS QUALIFICATION LEAD TO? | |
| Will the qualification lead to employment, and if so, in which job role and at what level? | <ul style="list-style-type: none"> • Fisheries worker • Estate worker • Assistant underkeeper • Fieldwork assistant |
| Why choose this qualification over similar qualifications? | This is typically a one year full-time course or you could take it alongside other Level 3 qualification such as A levels over a two year period. It equips you with the core skills and knowledge to enter employment in the land and wildlife management industries and enables progression to a broader range of options than the Technical Certificate. You would take this qualification if you really enjoy the hands-on aspects of working in the countryside. |

City & Guilds offers four sizes of Level 3 qualification in Land & Wildlife industries: Certificate, Diploma (540), Extended Diploma (720) and Extended Diploma (1080).

You would take the Certificate if you want an introductory qualification to develop some of the core skills and knowledge required by employers in the land and wildlife industries. The Certificate is likely to be taken alongside other programmes such as GCSEs or AS Levels over a one-year course of study.

You would take the Diploma (540) if you want a qualification to develop some of the skills and knowledge that can lead to specific roles required by employers in the land and wildlife industries. The Diploma is likely to be taken alongside other programmes such as GCSEs or AS Levels over a one-year course of study.

You would take the Extended Diploma (720) if you want to specialise, to develop most of the skills and knowledge required by employers in the land and wildlife industries. The Extended Diploma (720) is likely to be taken as part of a full-time two year programme of study, or alongside other qualifications such as AS or A Levels over a longer period of time.

You would take the Extended Diploma (1080) if you want to specialise and develop the skills and knowledge required by employers in the land and wildlife industries. The Extended Diploma (1080) is likely to be taken as a full-time programme of study over two years. By taking this large qualification, you will be exposed to, and have the opportunity to gain experience in, the wider land and wildlife sector. This will enable you to progress to a diverse range of employment opportunities, as you will have gain hands-on experience over 2 years, which employers really value.

Will the qualification lead to further learning?

You may wish to learn more through an Advanced Apprenticeship in Environmental Conservation or Game and Wildlife Management, which allows you to combine working for a wildlife trust or estate, or a similar job, typically attending one day a week at college or with a training provider.

You may wish to progress onto further learning within a Higher Education Institution.

You could take a course such as:

- Countryside Management Degree (BSc)
- Countryside Conservation Degree (BSc)
- Marine Ecology and Conservation Foundation Science Degree

WHO SUPPORTS THIS QUALIFICATION?

Employer/Higher Education Institutions

British Association of Shooting and Conservation (BASC)
